

PostBox

CLICK • POST • DELIVERED

Simple. Low cost. Secure

Document delivery made easy.

www.postboxmail.co.uk

PostBox, our hybrid mail solution, prints and posts your mail securely on your behalf for less than the cost of a stamp.

Send your documents such as letters, invoices, marketing materials and greeting cards directly from your PC, through 1 of 3 simple methods:

1.

Upload your documents and address list to our online hybrid solution hub.

2.

Download our free print driver to print and post directly from your computer software hub.

3.

Fully integrate your software into PostBox with our web API.

What you can create

A4 Documents

Professional and personalised documents including invoices, statements, letters and marketing flyers.

Postcards and Greeting Cards

Professional full colour postcards and greeting cards either using the PostBox online editor or one of our templates.

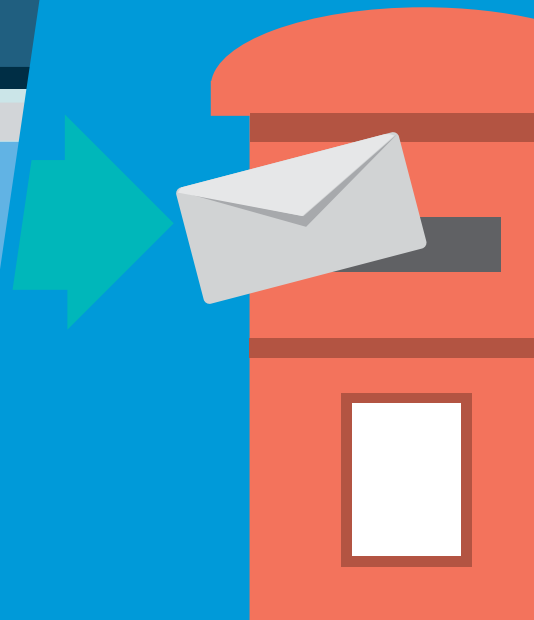

Marketing Mailouts

From personalised A5 or A6 postcards through to folded A3 four page mailers and A4 flyers.

How it works

- 1.** Upload document and address list to PostBox.
- 2.** Select your print and mailing specification.
- 3.** PostBox will print and deliver you documents by post.

Accurate

We ensure accuracy throughout the mailing process under the guidance of BS 9001:2000 Quality Management System standards.

Flexible

PostBox can handle mail streams of varying volume, sizes and weight.

Reduced Postal Costs

PostBox offers low cost postage rates per item – as little as 42p.

Secure

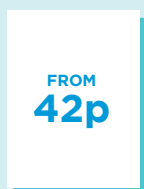

PostBox meets the highest quality assurance standards:

ISO 9001, ISO 14001, ISO 27001

Environmentally Considerate

PostBox completes all of the process in virtual format. All mail is then printed under one roof with one lorry taking all the post away.
